

"My Best Friend"

You are my best friend.

You always listen to me.

You always love me.

I tell you all my secrets.

I tell you all my problems.

You just look at me with big
brown loving eyes.

You don't say much.

You don't have to.

You make me happy, even when

I am sad.

You're the best friend I could
ever have.

Speckles, you are the best horse, of
course, of course.
